Frame

This diagram illustrates the exploded view of a mechanical assembly, featuring 37 numbered components. The assembly is centered around a main shaft (1) that passes through a housing (2). A large gear (12) is mounted on the left end of the shaft, while a smaller gear (30) is on the right. A lever arm (18) is attached to the shaft via a bracket (19) and a pin (20). A spring (32) is coiled around the shaft. Various other parts, including bearings (13, 14), seals (15, 16), and fasteners (33, 34, 35, 36, 37), are shown in their relative positions. Dashed lines indicate the assembly path for several components.
